Racing formats, scoring, and Co-Helming requirements are defined within the respective Notice of Circuit (for the J/24 Texas Circuit) and the Notice of D14 Series (for the D14 North Series, South Series, and Super Series).

8. Measurement

In D14, Measurement is encouraged to help promote fairness amongst its competitors. Rules regarding measurement are identified in the respective Notice of Circuit and Notice of D14 Series. J/24 Class Measurers are listed on the class website at the following location: <http://j24usa.com/organization/measurement-committee/>

9. Bow Numbers

For scoring and identification of boats, unique bow numbers are required for participation in all D14 Racing (including the J/24 Texas Circuit and the D14 Series).

Bow numbers must be affixed to both external port and starboard sides of the forward bow area of each competing boat's hull. These numbers must be affixed as follows:

1. The leading edge of the forward number shall be approximately 12" aft of the stem.
2. The top edge of both numbers shall be approximately 6" from the rail.
3. All numbers must contrast with the color of the hull and be at least 12" in height.

Position Bow Numbers on your boat as shown in the figure below.

It is the responsibility of each participating boat to obtain and affix their bow numbers to their boat. Bow numbers will be assigned to each participating boat for the duration of the year. Bow numbers 01 through 10 are pre-assigned to the top ten (10) teams based on the previous year's standings on the J/24 Texas Circuit.

Bow numbers 11 through 99 are available for teams on a first come basis. Bow numbers 11 through 99 used in the previous year will be reserved for the boat that declared it in that previous year.

Available bow numbers can be reserved via the [Sailing Scores](#) website as set forth in **Section 5 District 14 Registration and Fees** (above). New competitors who are registering a bow number for the first time are encouraged to look at the previous year registration list (using the [2025 J24 D14 Yearly Registration Fees](#) event) to make sure the bow number they intend to register is not already reserved.

Bow numbers for the current year are considered declared once a boat has registered for a regatta using the declared Bow number. Issues relating to bow numbers (e.g. assignment, placement, size, etc.) will be resolved solely by the Governor.

10. J/24 Texas Women's Championship

For 2026 the J/24 Texas Women's Championship ("Women's TXCH") will consist of the following regatta:

In order to qualify for the J/24 Texas Women's Championship, boats shall be helmed by women, and each helmswoman must have purchased a Full Membership to the J/24 National or International Class. In addition, prior to registering for their first regatta, each helmswoman shall register her boat and pay the appropriate fee as described in **Section 5 District 14 Registration and Fees** (above).

All J/24 Class Rules shall apply to the regattas comprising the J/24 Texas Women's Championship except the following Class Rules which are waived: Measurement Certificate (Class Rule A.11.1 and Class Rule B.3.1), Inventory of Required and Optional Equipment (Class Rule B.3.2), Crew Limitations (Class Rule C.2.1), Sail Limitations (Class Rule C.10.2).

It has become a regular practice to require proof of insurance as a condition of entry to regattas. Each participating boat should be prepared to provide proof of valid third-party insurance with a minimum coverage of \$300,000 per incident or the amount as required by the regatta organizers.

Each boat owner should research insurance options. One such option is Gowrie Group who provides One Design focused insurance: <https://www.gowrie.com/USsailingPrograms/OneDesignProgram.aspx>

Certain J/24 Class Rules are outlined within the District 14 documents to highlight some pertinent rules.
